**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Sir:

Pursuant to 37 C.F.R. § 1.312 and MPEP 714.16, applicants submit the following amendments and remarks for entry into the record of this application.

AMENDMENT TO THE SPECIFICATION appears on page 2 of this paper.

REMARKS begin on page 3 of this paper.

No fee is believed to be due for this response. Should any fees be required, however, please charge such fees to Winston & Strawn LLP Deposit Account No. 50-1814.

AMENDMENT TO THE SPECIFICATION

Please replace paragraph [0001] with the following amended paragraph:

This application is a continuation of International application ~~PCT/FR03/02578~~
PCT/IB2003/004029 filed Aug. 26, 2003, and claims the benefit of U.S. provisional application
No. 60/431,930 filed Dec. 9, 2002. The entire content of each application is expressly
incorporated herein by reference thereto.

REMARKS

Claims 1-19, 23-25 and 29-39 are pending for the Examiner's review and consideration.

In response to the Notice of Allowance mailed November 25, 2005, applicants have reviewed the file and discovered an inadvertent clerical error in the application number of the priority International application no. PCT/IB2003/004029. The specification has been amended herein to correct the application number.

Also, a Supplemental Declaration is enclosed to correct the spelling of inventor Yves-Mathieu LE VAILLANT. Mr. LeVaillant's declaration properly identifies the priority International application.

As no new matter has been introduced, the amendment should be entered at this time to correct the inadvertent error since this paper is being submitted prior to payment of the issue fee.

Respectfully submitted,
